IMPACT REPORT 2025

Our Year in Numbers

Together with our donors, partners, and volunteers, we showed up across every front—and it showed. This report captures the full breadth of COLI's work in 2025: from the 20-For-200 Outreach that brought food, care, and dignity to 200 families in need, to the Skills Acquisition Program that empowered 65 children with skills for lifelong self-reliance, to the Education Sponsorship Initiative that opened school doors for 12 out-of-school children. Every number in this report represents a person. A family. A future reclaimed. This is what it looks like when a community decides to move together.

FOUNDER'S NOTE

A Conviction Before a Plan

When I started Children of Light Initiatives, I had a conviction before I had a plan. That light, when it enters a dark place, does not negotiate with the darkness. It simply shines.

The 20-For-200 Outreach on December 20, 2025 was that conviction made visible. 242 adults and 77 children in Ajegunle received food packs. 31 volunteers gave their time and energy. 8 partner organisations invested in what we were building. A community too often invisible in Nigeria's national conversation experienced something simple and profound — that someone had not forgotten them.

But we did not stop at food. We believe that dignity is not only about what is on the table today, it is about what a family can build tomorrow. That is why, in 2025, we launched a **Skills Acquisition Program** that reached 65 children in Ajegunle, equipping them with 4 income-generating skills over a focused 4-week program. Alongside this, we supported **12 out-of-school children** through direct education sponsorship, walking with them back into classrooms they had been locked out of by circumstance.

These programs are not peripheral to our mission, they are its heartbeat. As an organisation committed to **SDG 4: Quality Education**, we understand that lasting change is built on access to learning, not just access to relief. Every child we equip with a skill, and every child we return to school, is a declaration that their potential is worth investing in.

To every community we have the privilege of serving — you matter. One neighbourhood, one family, one person at a time, we will keep showing up. That is our promise.

With gratitude, faith, and full accountability.

Boluwatife Ajayi

Founder, Children of Light Initiatives

WHO WE ARE

Rooted in Purpose, Guided by SDGs

Children of Light Initiatives is a Nigerian nonprofit working at the intersection of education and food relief for underserved communities. Our work is rooted in **SDG 2: Zero Hunger** and **SDG 4: Quality Education**, because no child can learn on an empty stomach and no family can truly thrive without both.

We are young, committed professionals who believe that proximity to a problem is not a burden — it is an advantage. We know the communities we serve because we come from them, live near them, and care about their futures as if they were our own.

Our model is built on accountability, partnership, and measurable impact. We do not just do good. We document it, report it, and improve it.

Our Vision

To illuminate communities with hope and transformation through the gospel of Christ Jesus.

Our Mission

To raise generations of godly, exceptional leaders committed to excellence and driven to transform lives and communities.

CORE VALUES

Three Values That Guide Us

Godliness

COLI is **Christ-centred** at its core. Every program, decision, and relationship flows from this foundation.

Excellence

We strive for the highest standards in every aspect.

Transformation

Transformation is not a moment — it is a direction.

THE 20-FOR-200 OUTREACH

What We Set Out to Do — And What We Delivered

On December 20, 2025,COLI implemented the 20-For-200 Outreach in Ajegunle, Lagos — one of Nigeria's most densely populated and underserved communities. The goal was simple and specific: provide food relief and tangible support to vulnerable families during the Christmas season, when need is heightened and visibility often fades.

Ajegunle was chosen deliberately. Food insecurity here is not seasonal — it is structural. Families navigate economic pressure, limited formal employment, and inadequate access to social services daily. The name **20-For-200** was both a target and a challenge. What began as an ambition to reach 200 people on the 20th of December became something greater. With the generosity of our donors and partners, we exceeded our original target and reached **319 beneficiaries** in a single day.

IMPACT METRICS

The Numbers That Matter

Every figure below is a life touched. Not a statistic. A person.

242

Adults Reached

Food packs distributed to adult beneficiaries navigating genuine hardship.

77

Children Reached

Dedicated food packs for children — a moral imperative and long-term investment.

319

Total Beneficiaries

Combined total reached in a single day, exceeding our original target.

31

Volunteers

Trained volunteers who gave time, energy, and presence on the ground.

₦2.6M

Total cash donations received and applied directly to outreach expenses.

₦2.8M

Including in-kind contributions, total social value delivered to Ajegunle.

Beneficiaries receiving food packs during the 20-For-200 Outreach, Ajegunle, December 20, 2025.

Children and families among the 319 beneficiaries reached during the 20-For-200 Outreach.

EXECUTION

From Intention to Execution

An outreach of this scale does not happen by goodwill alone. It happens through planning, training, and the kind of coordination that leaves no beneficiary behind. The 20-For-200 Outreach was delivered through three structured phases.

The result was a distribution process that was not only effective but dignified. Every beneficiary was engaged directly. Crowd coordination was managed by trained volunteers. Elderly adults and mothers with young children were prioritised. No one was turned away without acknowledgement. Because **how you give is as important as what you give.**

VOLUNTEERS

31 People Who Made It Real

Volunteers are not support infrastructure. They are the organisation. 31 individuals gave their time across three critical functions:

- **Packaging** — preparing each food pack with care and consistency so every beneficiary received equal quality
- **Logistics & Crowd Coordination** — managing flow, maintaining dignity and order, and prioritising the most vulnerable
- **Distribution & Engagement** — placing a pack directly into each recipient's hands, making eye contact, treating every interaction as genuine human connection

Volunteer Moments

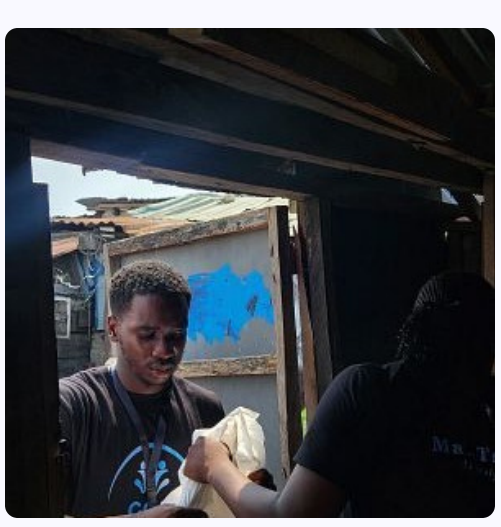

A few faces behind the work — the 31 individuals who showed up and made the 20-For-200 Outreach possible.

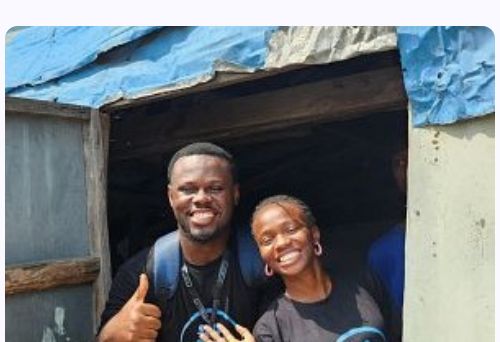

FINANCIAL ACCOUNTABILITY

Where Every Naira Went

Transparency is not a reporting obligationfor COLI. It is a value.

- All **₦2,626,500** in cash donations applied exclusively to procurement, packaging, logistics, and distribution, zero overhead deducted.
- All in-kind contributions documented, monetised at market value, and included in total outreach value.
- Oversight provided by the COLI project team throughout every stage, from procurement to final distribution.

A Special Thank You

- In addition to our partner organisations, COLI was selected as a recipient of a **₦500,000** grant through a giveaway hosted by Tritek Academy. This support confirmed our work is valued and helped us to continue in our journey to Touching One Family at a Time. We are grateful to Tritek Academy for the generosity.

OUR PARTNERS

None of This Happened Alone

The 20-For-200 Outreach was made possible by the generosity and commitment of eight partner organisations whose contributions in cash, in kind, and in collaboration made the difference between a good intention and a delivered outcome.

Beloxxi

The Phoneprenuer

iRoNe Jewelry

Gospel Private

Dunlami Clothing

AMN Practice

Hydrowells

Isrina Schools

Your names are in this report because your contributions are in every pack that was distributed. Thank you.

2025 PROGRAMS

Beyond Food Relief — Our Year of Impact

The 20-For-200 Outreach was one chapter of a year dedicated to transforming lives. COLI's commitment extends beyond emergency relief to sustainable, skills-based interventions that create pathways out of vulnerability.

Four-Week Skills Acquisition Program

In Ajegunle, we launched an intensive four-week skills training programme that equipped **65 children** with practical, income-generating skills:

- Baking
- Soap Making
- Zobo Making
- Tie and Dye

Each participant left with not just knowledge, but the confidence and tools to generate income and support their families.

---

Education Sponsorship — Our Commitment to SDG 4

Quality Education is not a luxury. It is a right. In 2025, COLI directly sponsored **12 students** through school, removing the financial barriers that keep children out of classrooms. These 12 represent our unwavering commitment to SDG 4, ensuring inclusive and equitable quality education for all. Each sponsorship is a declaration: your circumstances do not determine your future.

Our Scholars Making Us Proud

LOOKING AHEAD

We Will Continue to Create the Future We Want to See

The 20-For-200 Outreach and other programs were milestones, not a ceiling. COLI is committed to expanding our community programmes, serving more beneficiaries, entering new communities, and deepening the quality of every intervention. We are committed to fostering greater collaboration with partners who share our values, innovating solutions that address the root causes of vulnerability, and amplifying the voices of the people we serve.

Donate

Your contribution goes directly to community impact — fully documented and reported back to you.

Partner

Align your organisation's CSR commitments with verified, SDG-mapped community work in Lagos and beyond.

Volunteer

Bring your time, your skills, and your presence to the communities that need it most.

> We will continue to show up. We hope you will too.

A Word From Our CEO

The 20-For-200 Outreach was more than a programme, it was a declaration of who we are and what we believe. We believe that every person, regardless of their circumstances, deserves dignity, opportunity, and the knowledge that someone sees them.

When we set out to reach 200 beneficiaries in Ajegunle, we were not simply counting numbers. We were counting lives, each one with a story, a struggle, and a strength that humbles us. What we gave in resources, we received back tenfold in purpose and resolve.

Among the moments that stayed with me most deeply were the faces of 65 children in Ajegunle — young minds who gained practical skills through our acquisition programme, many of them for the very first time. And the 12 out-of-school children who, because someone chose to show up, are now back in a classroom where they belong. These are not statistics. These are futures reclaimed.

This is why COLI's commitment to **SDG 4 — Quality Education** is not a footnote in our work. It is a cornerstone. We do not believe in relief alone. We believe in transformation : in equipping people with the tools to build lives that no longer depend on emergency intervention. Sustainable impact is the only kind we are willing to settle for.

As we close this chapter and open the next, I want to express my deepest gratitude to our team, our volunteers, our partners, and above all, to the communities who welcomed us. You are the reason COLI exists. You are the reason we will not stop.This is not the end. This is the foundation upon which we build.

> *"Service is not what we do — it is who we are."*
